Objective

Aspiring Software Developer with experience in JavaScript, Node.js, and full-stack development, seeking a role to contribute to innovative products while growing within a talented engineering team.

Experience

Software Development Intern

Propero | August 2024- Present

- Developed and optimized Shopify Apps, enhancing functionality and performance; resolved critical issues like the "Edit Offer" page loading error in the Discount Campaign app.
 - Managed application states and collaborated with team members to debug, troubleshoot, and implement solutions, improving user experience and app reliability.
 - Currently working with databases, focusing on optimizing data storage and retrieval to support app scalability and performance.
-

Projects

Personal Portfolio | [Link](#)

March 2024

- Engineered a personal portfolio website, showcasing professional work and projects, using modern web technologies.
- Integrated custom components and responsive layouts to optimize user experience and engagement.

Chat Application | [Link](#)

Dec. 2023

- Developed a real-time chat application using the MERN stack (MongoDB, Express.js, React.js, Node.js).
 - Integrated Socket.IO to facilitate real-time client-server communication, enhancing user interaction.
-

Certifications

- AWS Academy Cloud Foundations, AWS, 2024
 - SQL and Relational Databases, IBM, 2023
 - Cybersecurity Basics, IBM, 2023
 - JavaScript Certification, Cognitive Class, 2023
 - Introduction to Web Development, IBM, 2023
-

Skills

- Languages: C, C++, JavaScript, Java
- Web Technologies: HTML, CSS, React.js, Remix, Node.js, Express.js, Bootstrap, Tailwind
- Databases/Tools: GraphQL, Prisma ORM, MySQL, REST APIs, MongoDB, Atlas (MongoDB)
- Others: Full Stack Development, Agile (SCRUM), Git, GitHub, Shopify, Problem Solving, Debugging
